Bight-Year-Old Child Set on Fire by a Candle.

Deborah Bernstein, eight years old, was severely burned last night about the face and body while her parents were moving furniture into apartments at 131 Henry street. Mrs. Bernstein gave her child a candle to light it at the gas-jet. The candle flame came in contact with the girl's dress, and in a few seconds she was in flames. She rushed into the hallway, screaming with pain. Morris L. Sallinger, a tenant, ran to her assistance. He threw his coat around Deborah, burning his hands severely.

L. Levine, a youth of seventeen, flung his overcoat around the screaming girl's limbs.
